COMMENTS FROM THE TOWN MANAGER'S OFFICE

Only a few people have been in to sign a work authorization permit. The permit must be filled out and signed within the next couple of weeks of anyone wants a driveway tarred this summer. If gravel or other fill material is needed to build up a driveway, it should be done so that it will be packed down before the tar is applied.

The roads are pretty well dried up. There are several places where large rocks were forced up by the frost. A couple of rocks were removed on the Lover's Lane Road but there are still more that will have to be removed or broken up.

The representative of Virchow Aero Service was in this past week. The insect spraying program will be done about June 1st. There has been a lot of controversy about the damage done to fish and wildlife by insect spray control programs. We don't have any fishing areas adjacent to our spray areas and the birds seem to be doing all right in town. There are people in town who would like to see the bird population reduced. They do make an awful mess on some houses and it costs the homeowners a lot to keep their houses clean.

Two different types of buildings have been proposed for a fire station and they have caused a lot of discussion in town. When discussing the different buildings, one should keep in mind the amount that it will cost and the length of time it will take to pay for it. These factors and the other large expenses that the town will have in the next few years should be considered in any discussion of a new building.

CANADIAN TRUCK DAMAGED IN BETHEL ACCIDENT

A tractor semi-trailer owned by McAuley's Transfer Western Ltd. of Centerville, N. B., was extensively damaged at 3 a. m. Saturday at Rt. 2 near the Hazen Lowell place, West Bethel.

The driver of the heavy truck, Harold F. Roberts, 41 Ontario, Can. was taken to a Rumford hospital where he was treated for back and hip injuries. He was released Sunday morning, according to hospital reports.

Investigators said the driver lost control of the truck as he came around a curve and struck a utility pole snapping it off. The truck came to rest on its side, the tractor unhooked and righting itself.

Damage to the truck was estimated at \$6,500. Police reported damage to the load of freight but no estimate was available. State Trooper William G. Bickford of Bethel investigated, assisted by Trooper W. Blaine Janline of Hallowell.

The Middle Intervale Cemetery Association will hold their annual meeting 8 p. m., May 6th, at the home of Richard Stevens.

COMMITTEES OF AREA CHAMBER MEET

The publicity committee of the Greater Bethel Chamber of Commerce met last week at the Sudbury Inn to consider final plans for the new four-seasons brochure. It is considered by all who were present to be one of the finest folders put out by any area in New England. Although the cost of these folders will be high it is hoped that various local interests will aid in the financing. Ad-Media of Augusta is the firm that is doing the art and printing work.

The mines committee also met last week at the Sudbury Inn to initiate a "rock hound" program for the area. Many mine owners were present who expressed a desire of opening their mines for collectors and to increase Bethel business. One mine in the area is already being opened by an individual who expects some 20,000 rock collectors to visit the mine this summer. With prospects of increasing spring, summer and fall business like this the chamber is going ahead to work out a plan to open more mines and bring in still more people into the Bethel area.

As more people are brought into Bethel existing businesses must expand, hire new people, new businesses will be created hiring still more people, and as business expands the tax base broadens. With an increased tax base everyone benefits because more people share the tax load.

Anyone who has a mine that is a likely prospect for opening to rock hounds should contact Norm Greig.

New members of the Chamber are Mrs. Cecil Lapham of the Bethel Auditorium, and Stanley Andrews, Cole's Hardware in Bryant Pond.

BETHEL SUB-PRIMARY REGISTRATION, MAY 8

Registration for Sub-Primary Class in Bethel for the next school year, 1964-65 will be held Friday, May 8th at the Ethel Bisbee School.

This will be in the form of an actual school day for these children. All bus pupils will come to school for the morning session either via the bus or with their parents and will be picked up by their parents at 11:30 a. m. and taken home.

All town pupils, those with in walking distance, will come to school at 12:30 p. m. for the afternoon session.

Mrs. Cross has planned a program for both the morning and the afternoon groups. This will enable the pre-school children to have a better understanding of what school is like and should help them to get started properly in September. Parents are invited to come with their children.

Mrs. Phyllis Cross will be in charge of registration.

Pre-school pupils who are to attend the East Bethel School and the West Bethel School will register with the teachers at these schools on the same day.

Children eligible for sub-primary training should register at this time. For children eligible for sub-primary classes, they must be five years of age on or before October 15, 1964. Parents must present a birth certificate and a record of immunization and inoculation as well as a disease history including dates. It is important that every parent register his child on these dates in order that the school department may formulate plans for the next school year.
